DIRECTIONS: From Moscow, drive E on Hwy 8 through Troy; at mp 17 go L (N) onto Spring Valley Rd ~3 mi bearing L at all three forks to the reservoir.

The start of the trailhead is a good place for waterbirds (Pied-billed and Western Grebes, Great Blue Heron) and waterfowl (Canada Geese, Green-winged and Cinnamon Teal, Mallard, American Wigeon, Ring-necked Ducks, Common Goldeneyes, Bufflehead, Ruddy Ducks, and Common Mergansers). In the brush look for Orange-crowned, Yellow, Yellow-rumped, and MacGillivray's Warblers. Ospreys regularly fish the lake. During spring and fall keep an eye out for migrants which show up randomly. These include: Bald Eagle, Wilson's Snipe, Ring-billed and Bonaparte's Gulls, Caspian, Forster's, and Black Terns, Northern Shrikes and Red Crossbills.
